

# Voltage Sensor (SAVS)

## Features

**Sensor Lengths Available:** 15 ft and 60 ft

**Measurement Range:** 115 V and 230 V

**Measurement Rate:** One reading each second

**Measurement Accuracy:**  $\pm 2$  VAC

**Communications Cable:** Cat5 Cable

**Sensor Disconnect Alarm:** Yes

**Sensor Power:** The sensor must be plugged into the power distribution source that needs to be monitored.

**Trap information:** Alarm type, Sensor number, Sensor description, Normal or critic

## compatible with

- *Sensor Hub*
- *Sensor Hub Plus I*
- *Sensor Hub Pro*
